	Name:				Name:			
I, the above-named signatory, being the authorized management representative of the above-named property, declare that the animals described in the								
above table (whether feeder, slaughter, or breeder) declare that they comply with the following conditions:								
1. 2.	No lame, blind, injured, sick or substituted animals will be loaded on road transport to ship or holding facility. To the best of my knowledge, livestock sourced for export comply with the Australian food safety requirements, including standards for chemical							
۷.	residues or environmental contaminants.							
3.	I declare that the animals described above have been vaccinated against Botulism whilst on the property at least once in their lifetime.							
4.	The property has remained free from clinical or visible evidence of Leptospirosis. Leptospirosis & Bluetongue have not been officially reported during							
	the 3 (three) years prior to shipment.							
5.	shipment from the following diseases: Mucosal disease/Bovine Virus Diarrhea (MD/BVD), 'Q' Fever, Intestinal Salmonella Infections (Salmonellosis),							
	Vibrionic Dysentery, Infectious Bovine Rhinotracheitis (IBR), Infectious Pustular Vulvo-vaginitis (IPV), Cysticercosis, Genital Campylbacteriosis Theileriasis, Sporadic Bovine Encephalomyelitis, Ephemeral Fever, Harmorrhagic Septicaemia, Tetnus, Malignant Oedema, Blackleg, Pulpy Ki							
	Disease, Botulism, Bovine Malignant Catarrh, Anaplasmosis, Babesiosis, Anthrax, Bluetongue, Actinomycosis.							
6.	The property has been free from clinical or visible evidence of Enzootic Bovine Leucosis for the last 3 (three) years.							
7.	The property has been free from clinical or visible evidence of Johne's Disease for the last 5 (five) years.							
8.								thalmia (pinkeye)
9.	Dermatophilosis, Trichophytosis (ringworm).							
	The property is currently free from clinical or visible evidence of any outbreak of Tuberculosis in the past 18 (eighteen) months. The property is officially classed free of Bovine Brucellosis.							
	 The property is officially classed free of Bovine Brucellosis. The animals have been kept since birth or for at least 6 (six) months prior to export in Australia where no cases of Contagious Bovine Pleuropneumonia, 							
	Rinderpest or	Foot and Mou	th Disease were reported d	uring the 1 (one) y	ear period prior	to export.	_	
	2. The animals have never been fed with any kind of processed animal proteins.							
	The animals originated from an establishment of farm where no cases of Hendra Virus have occurred during the last 6 (six) months prior to export.							
14.	The animals originated from an establishment of farm which there were no reports of Genital Campylobacteriosis and Trichomoniasis during the 12 (twelve) months prior to the export date.							
15.	 No cattle are within a withholding period or export slaughter interval for Antibiotics. The cattle do not contain hormone growth promotant residues a 							
	levels harmful to human health as determined by Codex Alimentarius Food Safety Standards.							
16. By signing this document, I confirm that all cattle have been prepared and loaded in accordance with the;								
"Australian Animal Welfare Standards and Guidelines LAND TRANSPORT OF LIVESTOCK" & Australian Standard for Export of Livestock. 17. All cattle during the 30 days prior to shipment were free from clinical evidence of any disease.
