The continuation of a large supply resulted in today being a prime only sale with 2,327 cattle penned, 930 more than the last equivalent sale. A scheduled store sale on Friday has more than 2,900 cattle booked. Today, quality was mostly good, however fewer lines of heavy weight cattle were on offer. Despite one major processor being absent, all other regular processors, feeders, and one live exporter operated at similar rates to recent weeks along with opportunities for restockers and backgrounders. Demand was strong throughout particularly for feeder steers and heifers that sold firm to 10c easier, cows eased 6c to 10c/kg and heavy bulls were firm. Cattle were drawn from Mt Isa, Julia Ck, Pentland, Greenvale, local and coastal areas.

Yearling steers returning to grass sold to a top of 396c to average 386c while the steer portion reached 388c to average 380c/kg. A good supply of yearling heifers to feed reached 350c multiple times to average from 340c to 347c, while restocker lines averaged 366c/kg. Grown steers to feed reached 390c to average from 361c to 366c, while those returning to grass made to a top of 384c/kg. Suitable steers to live export sold to 368c while steers to the trade topped at 390c to average 354c to 361c/kg. Grown heifers to the trade sold to 330c multiple times to average from 306c to 319c, with heifers to feed also reaching 330c to average from 319c to 324c/kg. A limited number of heavy full mouthed bullocks to export slaughter sold to a top of 362c/kg.

Medium weight score 2 cows to restockers met strong demand reaching 286c to average 275c to 281c/kg. Cows to processors sold to a top of 274c to average 260c, with score 3 types reaching a top of 296c, to average from 277c to 286c/kg. Prime heavy weight cows topped at 302c to average from 283c to 291c/kg. Heavy bulls to feed destined for live export sold to 362c, to average 336c to 345c, while medium weights to feed sold to a top of 384c to average 365c/kg.
