

Detailed Saleyard Report - Cattle
Market information provided by MLA's National Livestock Reporting Service

COLX Gracemere

report date 09/06/2021

Yarding 2596
Change 724

comparison date 02/06/2021

COLX Gracemere vendors and agents penned a larger yarding this week with 2,596 head, 724 more than last sale. Cattle came from all local draw areas and north to Nebo and Collinsville. Quality was mixed in some classes however both quality and condition continue to be very good. The processor panel was short one major buyer, however this failed to reduce competition with values for the best conditioned cows improving 6c/kg. There were also improvements in the best vealer and yearling classes of heifers and steers reflecting strong restocker interest.

The best-bred steer calves sold to a top of 637c with the main draft of mixed sexes averaging 579c/kg. A few light vealer steers made 584c while the main run sold to 629c, returning an average of 552c/kg. Vealer heifers sold to a top of 521c to average from 439c to 477c/kg. Yearling steers topped at 581c for light weight pens, while medium weight pens averaged from 411c to 425c/kg. Yearling heifers made to 497c for light weight pens, while medium weights returned averages of 379c to 416c/kg. Grown steers went to feed making from 407c to 416c, with a few to processors paying to a top of 370c/kg. Feeders paid to 391c for the best grown heifers, while those to the trade topped at 375c to average from 326c to 352c/kg.

Score 4 cows gained 6c to average 300c to processors with heavy bulls to feed for live export averaging 329c/kg. There were only light supplies of cows and calves which sold from \$1,800 to \$2,650/unit and several pens of PTIC heifers made from \$1,500 and \$1,975/head.

Market Reporter, Richard Thomson.
