Gracemere agents offered 980 head for their first sale of 2019. This was a smaller yarding than expected, following some useful falls of rain in the area. Most cattle came from areas north to Collinsville and south to Mount Larcom, along with cattle from the Bauhinia area. Quality was good throughout, however the buying panel was short a few of the regulars and prices eased for most descriptions. Cows gained close to 20c/kg on the closing sale in 2018.

A few light weight vealer steers averaged 264c/kg. Light yearling steers sold to 272c, averaging 254c/kg. Medium and heavy pens made to 284c, to average from 267c to 281c/kg. These went to restockers and feeders. Light weight yearling heifers averaged 237c, and again the medium and heavy weights were more in demand, on average making from 249c to 261c/kg.

There were insufficient grown steers and heifers to quote, and the few 4 score cows on offer averaged 234c/kg. A small line of cows and calves saw the best light conditioned, medium framed units with young calves at foot make \$1,025/unit.
