

## Detailed saleyard report - cattle

Market information provided by MLA's National Livestock Reporting Service

### Roma Store

report date 15 Jan 2019

Yarding Change <sup>9912</sup><sub>0</sub>

comparison date 08/01/2019

9,912 head of cattle were yarded today at the first Roma Store Sale for 2019. Cattle were mostly drawn from across the local supply area and Western Queensland where dry conditions continue to prevail. A good panel of buyers were present and operating. The yarding was dominated evenly by steers and heifers and quality was mixed reflective of the current season. Overall prices fell when compared to last year, however demand was strong for better quality lines of cattle. Top end prices for most categories of cattle remained at similar levels to last year's sales, but tapered away quickly based on quality available. Grown steers and heifers were present in small numbers.

A large sample of yearling steers 200-280kg to restockers sold to 310c to average 288c, while a good sample of medium weight yearling steers to restockers sold to 315c to average 282c/kg. A good sample of yearling steers to export feed made to 312.2c to average 286c/kg. A large sample of yearling heifers 200-280kg to restockers sold to 228.2c to average 209c/kg. A good sample of medium weight yearling heifers to feed sold to 267.2c to average 240c, while a fair sample of medium weight yearling heifers to restockers sold to 280.2c to average 261c/kg.

The largest sample of medium weight grown steers sold to 250.2c to average 248c, while the largest sample of grown heifers under 540kg sold to 232.2c to average 228c/kg. Medium weight 2 score cows made to 205c to average 192c, while the medium weight 3 score cows sold to 220.2c and averaged 220.2c/kg. A small sample of heavy weight 3 score cows made to 227c to average 219c/kg. The best of the cow and calf units made to \$860/unit.
