comparison date 16/06/2020

There was a small increase in supply to 572 head at Warwick. A fair panel of export buyers was present and all were operating, along with the usual feed and trade buyers plus restockers. There was a wide variation in the quality of the young cattle, however good heavy cows dominated the cow section. Young cattle continued to experience very strong support from restockers feeder operators and the trade. Export buyers were very active on the heavy grown steers and bullocks, and 4 tooth grown heifers were noticeably dearer. Good heavy cows averaged 2c/kg better, while the remainder of the cows experienced very little change in price.

The occasional vealer heifer to local butchers made to 424.2c/kg. Light weight yearling steers returning to the paddock made to a top of 516.2c with a fair sample averaging 447c/kg. Medium weight yearling steers to feed average 415c and made to 436c/kg. A couple of heavy weight yearling steers to the trade made to 414c/kg.
