

Detailed Saleyard Report - Cattle

Market information provided by MLA's National Livestock Reporting Service

Dalby

report date 03/07/2019

Yarding 5957
 Change 18

comparison date 26/06/2019

The supply of stock remained virtually unchanged at 5957 head. Cows continued to dominate the grown cattle section, along with a fair sample of heavy steers and bullocks. Buyer representation was good with some southern export processors in the buying panel, plus additional interstate operators on the feeder cattle. A lift in quality plus stronger demand lifted prices on lightweight yearling steers returning to the paddock by 24c/kg. Medium and heavy weight yearling steers to feed experienced very little change in price. Light weight yearling heifers to processors or restockers and background sold to within a few cents either way of the previous week. Medium weight yearling heifers to feed averaged 4c better, and local trade lines averaged 7c/kg dearer. Top end quality bullocks received a small improvement in price pushed on by southern processors. Most classes of cows sold to a dearer trend, with restocker lines 13c/kg better.

Light weight yearling steers returning to the paddock made to 304.2c in pen lots with a large number averaging 273c/kg. Medium weight yearling steers to feed made to 295.2c to average 274c, and heavy weight yearling steers to feed made to 302.2c with most around 286c/kg. Light weight yearling heifers to processors averaged 202c and made to 236.2c, while background and restocker classes averaged 213c and made to 234.2c/kg. Medium weight yearling heifers to feed averaged 240c and made to 258.2c with some to the trade reaching 278.2c/kg. Heavy weight yearling heifers to the trade made to 282.2c with a large number at 167c/kg.

Heavy grown steers to export slaughter made to 313.2c to average 296c, and bullocks mostly sold around 297c with the occasional very heavy bullock reaching 314.2c/kg. Plain condition cows returning to the paddock made to 188.2c to average 178c/kg. Medium weight 2 scores to processors averaged 177c and made to 191.2c/kg. A large selection of good heavy cows averaged 221c, with the occasional sale to 241.2c/kg to return \$2243/head. Heavy bulls made to 269.2c/kg.
