

Detailed Saleyard Report - Cattle

Market information provided by MLA's National Livestock Reporting Service

Emerald

report date 26/09/2019

Yarding 2041
 Change -262

comparison date 19/09/2019

Emerald agents penned a decreased number of cattle with 2,041 head yarded. Cattle came from local and Northern areas to Nebo, along with a large consignment of high grade, light conditioned young steers from the Rolleston district which had been brought down earlier from North Queensland. The yarding was 260 head more than last week. The usual panel of buyers were supplemented by several restockers who competed well on the major run of light Brahman steers. Improvements in price were noted in the yearling classes, however cows eased.

Light yearling steers averaged from 256c to 259c, selling to a top of 268c/kg. The best bred heavy yearling steers topped at 272c/kg. Yearling heifers saw averages from 175c for light, plain lines, to 237c/kg for the best bred pens, irrespective of weight.

Processors paid up to 304c/kg for the best bullocks with very few penned. Grown heifers to processors made up to 277c, however averages were from 216c to 262c/kg. Heavy cows eased 9c, to average 204c and sell up to 217c/kg. The best of the bulls went to live export at 288c, to average 284c/kg.
