

Detailed Saleyard Report - Cattle

Market information provided by MLA's National Livestock Reporting Service

CQLX Gracemere

report date 13/09/2019

Yarding 3235
 Change -765

comparison date 06/09/2019

The yarding at CQLX Gracemere declined by 765 head to 3,235 head. Cattle came from all areas of Central Queensland between Mackay and Monto and west to Rolleston. In what was a reasonable quality yarding the drop in condition was noticeable in the cows and many of the young cattle penned. The buying panel lacked one processor from last sale and there were very few local restockers operating. A few quality related increases in the grown steers were the only bright spots in a lacklustre sale. Prices declined for most categories.

Calves sold to 188c on occasions with averages for mixed sexes from 164c to 180c/kg. Well bred light weight yearling steers topped at 272c with averages from 229c to 243c for best bred lines whilst plain pens averaged 194c/kg. Medium and heavy yearling steers sold to 270c and commonly averaged from 238c to 267c/kg. Heavy yearling heifers reached a top of 238c to return an average of 226c/kg. The best bred pens of light and medium yearling heifers were harder to move averaging to 209c with plain types much easier at 147c to 170c/kg.

The 4 score bullocks were scarce making to 310c to average 300c/kg. Grown steers to feed and live export sold to average from 255c to 295c/kg. Grown heifers made 246c with averages for best bred pens from 216c through to 239c/kg. Prime heavy 4 score cows made to 218c to return averages of 209c, back 9c/kg from last sale. Heavy bulls sold to 284c, averaging 265c/kg to live export for the best. Plain conditioned cows and calves sold from \$775 to \$920 per unit for good average quality units.
