

## Detailed Saleyard Report - Cattle

Market information provided by MLA's National Livestock Reporting Service

### COLX Gracemere

Yarding 1083  
Change -657

report date 29/01/2020

comparison date 22/01/2020

COLX saw a decline in numbers of 657 head to 1,083 head today following some more useful falls of rain in most parts of the draw area. Although patchy, there has been some rain in most areas and this also sparked buyers into action with large increases in most classes throughout the sale. There were several new restockers present and quality variations were not as obvious in the results as numbers presented determine values.

Vealer steers reached 352c to average 342c/kg for best bred pens. Vealer heifers topped at 294c averaging from 272 to 293c/kg. The major run of yearling steers, 200 to 280kg sold to 340c, averaging 325c/kg. Yearling heifers again showed good improvement in price with light weights selling to 308c and averaged from 276c to 288c and the heavy pens selling to 336c to average from 308c to 326c/kg.

Light supplies of grown steers sold to 332c to processors and averaged 302c/kg to feeders. Likewise, grown heifers to the trade topped at 329c, averaging 308c to 318c/kg. Cow classes experienced value increases of 15c to 37c, selling to 296c to average 290c/kg for heavy 4 score cows. Heavy bulls averaged 318c with sales to 330c/kg. Good average quality cows and calves sold from \$1,125 to \$1,275/unit.
