

Store Report - Cattle

Market information provided by MLA's National Livestock Reporting Service

COLX Gracemere

report date 05/06/2019

 Yarding 3365
 Change NQ

comparison date 04/06/2019

3965 cattle were penned at COLX for the annual weaner and feeder sale. The yarding comprised 1950 steers and 1415 heifers. Cattle were drawn from across Central Queensland, South to Theodore and Monto and North to Nebo. Condition was mostly very good with only a few plain conditioned pens on offer. Quality varied a little more, however overall it was very good. Buyers came from the local areas along with restockers and feeders from north and south. Competition was good although any pens exhibiting lesser breeding were hard to start. Weaner steers sold to 306c with the best bred lines averaging from 272c to 284c and lesser pens averaging 240c to 261c/kg.

The best bred weaner heifers sold to a top of 240c and averaged 204c/kg for a large sample of euro cross heifers. Plain lines returned averages from 189c to 194c/kg. Yearling steers made to 290c with averages commonly from 266c to 271c/kg. The better runs of yearling heifers averaged from 182c to 218c with the tops selling for 224c/kg. A small number of feeder steers topped at 272c and averaged from 243c to 268c/kg. Feeder heifers made to 220c to average 192c/kg for a small sample.
