

Detailed Saleyard Report - Cattle

Market information provided by MLA's National Livestock Reporting Service

Toowoomba

report date 04/11/2019

Yarding 857
 Change 349

comparison date 28/10/2019

Numbers lifted by close to 350 head to 857, and included in the line up was a large consignment of poor condition dairy cross steers. The usual panel of buyers was present and operating across all classes. Medium weight yearling steers to feed sold to good demand for the quality penned. However a small selection of medium and heavy weight yearling steers to the trade averaged 10c to 17c/kg better. Light weight yearling heifers improved in price, and medium weights to feed and the trade experienced only quality related price changes. Cows sold to a mixed trend with plain condition classes improving by 3c to 7c/kg and more in places, however good heavy cows could not maintain the high levels of the previous week.

Only a handful of good light weight yearling steers were penned to average 239c, however a fair sample of poor condition dairy cross steers made to 119.2c/kg. Medium weight yearling steers to feed made to 305c to average 279c, and poor condition dairy cross lines averaged 163c/kg. A small sample of heavy weight yearling steers to the trade made to 344.2c to average 341c/kg. Light weight yearling heifers to restockers and processors averaged 220c with some to 241.2c/kg. Medium weight yearling heifers to feed made to 268.2c to average 249c, and local trade lines made to 280.2c to average 265c/kg.

A handful of good heavy bullocks made to 337.2c, the occasional very heavy bullock made to 299.2c/kg to return \$2,753/head. A small selection of heavy grown heifers averaged 302c and made to 304.2c/kg. Medium weight poor condition cows sold to restockers at an average of 185c with some to 201.2c/kg. Medium weight 2 score cows to processors averaged 220c and made to 228.2c/kg. Good heavy cows made to 265.2c to average 257c/kg. Heavy bulls made to 273.2c/kg.
