Detailed Saleyard Report - Cattle Market information provided by MLA's National Livestock Reporting Service

Warwio	ck	MEAT & LIVES IN	report date	21/04/2020		
Yarding	722		comparison date	14/04/2020		
Change	396					

The supply of stock lifted by close to 400 head to 722 at Warwick, following the very short supply the previous sale. All the regular buyers were present, and similar to other markets not all the exporters were operating. A number of classes sold to a cheaper trend, especially export processor lines, and heavy weight feeders. However young light weight cattle continued to receive strong support from restockers.

Steer calves returning to the paddock made to 470c to average 406c/kg. A handful of vealer heifers sold to local butchers at 355c/kg. Light weight yearling steers to restockers made to 440c with a fair sample averaging 348c/kg. Yearling steers to feed for the domestic market averaged 351c, and medium weights averaged 356c and made to 386c/kg. Heavy weight yearling steers to feed made to the occasional 334c to average 310c/kg. Light weight yearling heifers made to 343c to average 324c/kg. Yearling heifers in the 280- 330kg range to feed made to 370c, to average 330c/kg. Medium weight yearling heifers to feed averaged 342c, with the occasional sale to the local trade market at 360c/kg.

Medium weight grown steers to feed averaged 291c and made to 303c/kg. Medium weight cows to processors made to 244c to average 208, with some returning to the paddock at an average of 227c/kg. Heavy cows to processors made to an isolated 263.2c to average 244c/kg. Heavy bulls made to 303c/kg.
