

Detailed Saleyard Report - Cattle

Market information provided by MLA's National Livestock Reporting Service

Warwick

report date 30/04/2019

Yarding 1794

comparison date 23/04/2019

Change 897

The number of stock penned double the previous week's level to 1,794 head. Overall quality was mixed, and cows dominated the grown cattle penned, with the supply of cows doubling the previous weeks level. Buyer attendance was good, with some additional exporters operating in the cow section. Light weight yearling steers returning to the paddock could not maintain the levels of last week, with a fair sample 30c/kg cheaper. Medium and heavy weight yearling steers to feed experienced very little change in price. Vealer heifers and light weight yearling heifers sold to a dearer market. The very large yarding of cows sold to a mixed trend, with good heavy cows averaging 8c/kg cheaper, however the plain condition cows experienced strong competition for the quality penned.

Steer calves returning to the paddock made to 252.2c to average 238c, and heifer calves averaged 170c/kg. The occasional vealer steer sold to the trade at 291.2c, and the better end of the vealer heifers made to 279.2c/kg. Light weight yearling steers sold to restockers at 227c, with occasional sales to 267.2c/kg. Medium weight yearling steers to feed averaged 266c and made to 285c, and heavy weight yearling steers to feed made to 290.2c to average 280c/kg. The largest numbers of light weight yearling heifers averaged in the high 180c area, while some to feed averaged 211c and made to 233.2c/kg. Medium weight yearling heifers to feed averaged 236c and made to 240c/kg. Local trade lines made to 269.2c to average 254c/kg.

Heavy grown steers and bullocks averaged close to 290c, with sales to 295.2c/kg. Medium weight poor condition cows averaged 151c, and the better 2 scores average 179c, making to 190.2c/kg. Good heavy cows made to 232.2c to average 223c/kg. Heavy bulls made to 259.2c/kg.
