

Detailed Saleyard Report - Cattle

Market information provided by MLA's National Livestock Reporting Service

Warwick

report date 30/07/2019

Yarding 1434
 Change -446

comparison date 23/07/2019

Numbers reduced by 446, to 1,434 head, and similar to previous weeks cows were in the largest numbers in the grown cattle section. A full panel of export buyers was present, however not all were operating. Buyer representation on the young cattle was generally good. Apart from a few light weight, drought affected lines the remainder of the young cattle generally improved in price. Light weight yearling steers returning to the paddock averaged 16c/kg better. Medium and heavy weight yearling steers to feed averaged 16c to 18c/kg dearer. Light weight yearling heifers experienced only quality related price changes. Medium and heavy weight yearling heifers to feed and the trade lifted in price by 3c to 20c/kg. A handful of heavy grown steers and bullocks averaged 12c/kg dearer. Plain condition cows attracted much stronger competition to average 5c to 11c better, and up to 16c/kg on heavy weights. The good heavy cows experienced very little change in price.

Steer calves returning to the paddock averaged 250c with the occasional sale to 300.2c, and heifer calves averaged 198c and made to 220.2c./kg. The occasional vealer heifer sold to the trade at 291.2c/kg. Light weight yearling steers sold to restockers at an average of 263c with some to 300c/kg. Medium weight yearling steers to feed made to 310.2c to average 297c, and heavy weights to feed made to 315.2c to average 307c/kg. A small selection to the trade made to 310c to average 303c/kg. Light weight yearling heifers mostly sold around 198c, with some to 230.2c/kg. Medium weight yearling heifers to feed averaged 252c, and local trade lines made to 280c, to average 274c/kg. Heavy weights to the trade made to 304.2c to average 287c/kg.

Heavy grown steers to export slaughter made to 321.2c and bullocks averaged 319.2c/kg. Medium weight poor condition cows made to 183.2c to average 162c, and the better 2 scores made to 210c to average 198c/kg. Heavy weight 2 scores made to 225.2c to average 218c, while the best of the heavy cows made to 254.2c to average 243c/kg. Heavy bulls made to 300.2c/kg.
